

Is YOU 'Among Us'?

Hi Parents,

I had several requests from students to meet up after school to play a game called 'Among Us'. After researching the game and getting permission from our administration, the 'A.U.G Club' Among Us Gaming Club is here! I have included the link to an article (parent friendly) that gives you everything you need to know about the game. The game is generally accepted to be appropriate for students 10 years and older. Please read over the article and speak with your child about joining our club. In order for your child to join A.U.G., I need verbal permission from a parent (an email or text in Remind will suffice). We are looking to host the club on Tuesdays from 1:30-2:30. If you have questions please reach out, I can be contacted by using Remind or email.

Thank you for all that you do to support the learning and engagement of your child and others!

-Ms. Wilson, 7th grade Math Teacher
