

WELCOME BACK MUSTANGS!

Meadow View Elementary is excited to begin another year on the Energy Bus. We are inviting families to enjoy the ride with us! All aboard! 😊

What is the Energy Bus?

Inspired by Jon Gordon's book, The Energy Bus for Kids, Energy Bus is a program that teaches students how to be positive and productive members of the school and local community. Research shows that a positive learning environment greatly impacts a student's academic success! Students will learn about the 7 Energy Bus Principles throughout the school year, in order to grow socially and emotionally, and to become a Mustang that can successfully drive his/her own bus and show compassion for others.

How can you join the ride?

Meadow View Elementary invites your family to fuel your positive energy journey at home! Talk to your student(s) about the seven principles and how to apply them outside of school! We all benefit when we learn to work together, use strategies to overcome challenges, and model positivity in everyday moments.
