

## New Blue Creek Elementary Car Rider Drop Off and Pick Up Pattern for Arrival and Dismissal

All students will be issued a number to be utilized in case they are a car rider at any point during the school year. Families will be provided two sets of student cards. These cards must be displayed either on the dash or sun visor for staff to see during afternoon pickup. Students will not be called to cars without number cards being displayed. Cars with no number cards will have to exit the staff parking lot and circle around (via HWY 53) to the office to present photo identification to get verified. **There will be NO exceptions to this policy.**

### New Car Arrival Procedures:

Cars will enter the parking lot through the center driveway. Once you enter the driveway, you will make an immediate right and follow the driveway behind the last row of parked cars along the fence (parallel to the road). At the end of the row, you will make a 180-degree left and follow the driveway between the rows of parked cars. At the end of the row, you will now make a 180-degree right turn and pull up the first available open cone (there will be 4 cones). You must wait for your child(ren) to be screened before you can allow them to exit the car. ***Students MUST exit the vehicle on the driver side. Due to safety concerns, we do not want children exiting on the passenger side of the vehicle.*** Once your child(ren) exit the vehicle, you will exit the parking lot through the driveway next to the tree line.

***Please make sure once you enter the driveway, you turn right. The area and driveway to the left will be used for bus arrivals and dismissals for the 2020-2021 school year.***

### New Car Dismissal Procedures:

**NEW – Please note that students will begin loading buses at 2:00 pm. Car rider dismissal will begin at 2:15. Please do not arrive on campus prior to 2:00.** When picking your child(ren) up from school, the exact same traffic pattern will be used in the afternoons that is used in the morning. You will pull up to the next free cone that will have a staff member present. You will need to have the card(s) that have been provided to you visible in your car. (We suggest attaching it to the back side of your visor). Your child(ren) will have a card that matches the number(s) you have on the card in your car. Your child will be called to report to one of the 4 cones, and a staff member will assist your child(ren) to getting into the car. This will allow a quick and safe dismissal of children in the pickup line. ***Students MUST enter the vehicle on the driver side.***
